

Further Ufologists Quotes

John Keel, an agnostic, says, Demonology is not just another crackpot-ology. It is the ancient and scholarly study of the monsters & demons who have seemingly coexisted with man throughout history. Thousands of books have been written on the subject, many of them authored by educated clergymen, scientists & scholars, and uncounted numbers of well-documented demonic events are readily available to any researcher. The manifestations & occurrences described in this imposing literature are similar, if not entirely identical, to the UFO phenomena itself. Victims of demonomania (possession) suffer the very same medical & emotional symptoms as the UFO abductees....The Devil & his demons can, according to the literature, manifest themselves in almost any form and can physically imitate anything from angels to horrifying monsters with glowing eyes. (My note, see 2 Cor 11:14,15). Strange objects & entities materialize & dematerialize, just as UFO s do...

The UFO s do not seem to exist as tangible, manufactured objects. They do not conform to the accepted natural laws of our environment. They seem to be nothing more than transmogrifications tailoring themselves to our abilities to understand. The thousands of contacts with these entities indicate that they are liars...The UFO manifestations seem to be, by & large, merely minor variations of the age-old demonological phenomena....The Earth is not inhabited, its infested.

Captain Ivar MacKay, former Chairman of BUFORA (British UFO Research Assoc.) Takes this view also. He claims the following similarities:

- 1) Extremely foul odors are associated with both seance rooms, haunted locations & UFO landing sites. Abductees report this ad smell .
- 2) The aversion to strong light.
- 3) A sudden decrease in temperature in associated with both UFO s & occult occurrences like seances & ghostly encounters.
- 4) The entities seen are both shadowy, transparent or semi-solid figures. They are more like apparitions than real creatures.
- 5) Mentally detected voices are heard in both UFO s & occult contexts, the contactees claiming they represent communication with extra-terrestrials & the occultists with various spirits.
- 6) See the list of comparisons.

John Mack says that:

- 1) Something definitely happened to these abductees.
- 2) He believes these are interdimensional beings
- 3) He believes the primary agenda of these beings is to warn us of some impending doom
- 4) Abductees often take tremendous religious & prophetic significance from these experiences.

Abductions halted in Jesus Name

Joe Jordan (MUFON) has about 400 verifiable cases of abductions of abductions being halted in Jesus name. Joe says that 3 other UFO researchers have told him that they have come across similar experiences but were afraid to publicize them for fear of ridicule. Almost all of these halted abductions were people who called on Jesus to help them but were not mature Christians. Many of them said they had back-slidden or had just been to church a few times.
