

Student Questions for PTMTGE

Introduction:

- Name the two methods of proof.
- What three things do you have to have to use the scientific method?
- Define the 2nd method of proof.
- Why can't you use the scientific method to prove God's existence?
- Name some other things that we know exist but cannot use the scientific method to prove that they exist.

Cosmological Argument:

- Write out the three steps to the cosmological argument.
- Who made God?
- What is a "suicide" question?
- Why is there only one God?

Teleological Argument:

- Write out the three steps to the teleological argument.
- Give several examples of how the physical constants of the universe support this argument.
- Why is it not possible for the universe to have formed by pure chance?

Moral Argument:

- Write out the three steps to the moral argument.
- Why is it impossible to deny moral absolutes?
- Why do cultures having different morals does not prove that morals are relative?
- Why do we need a transcendent source for our morals?
- Write out some conclusions that follow if you don't believe in absolute morals.

Manuscript Evidence:

- Name and explain the three types of manuscript proofs.
- Briefly explain how the bible compares with secular, historical documents on these three tests.

Old Testament Archaeology Argument:

- Have archaeological discoveries ever disagreed with the bible?

- Give some examples of where the bible and Old Testament archaeology agree.

New Testament Archaeology Argument:

- Give some examples of where the bible and New Testament archaeology agree.

Science Argument:

- Define the two different methods of proving something.
- What is 'scientism' and why is it not true?
- Define hard evidence and soft evidence.
- List just two examples that prove there is an intelligent designer to our bodies and to our universe.

Prophecy Probability:

- What challenge does God give everyone that no other deity does?
- Define the three types of biblical prophecies.
- For prophecy to be reliable, what three factors should it contain?
- Why can prophecy be used to prove the existence of God?

Psychological/Sociological Argument:

- List three reasons why the psychological argument makes sense.
- List several areas where Christianity has profoundly influenced or changed.
