

Reincarnation Objectives

The purpose of Reincarnation is to acquaint the student with all of the consequences of reincarnation and to show it's biblical alternative. The student will learn:

What's appealing about reincarnation?

What's wrong about it

What the consequences of reincarnation are

What the Bible says about it (reincarnation isn't real and it doesn't exist)

What is the Bible's alternative to it and why it's so much better and easier (the Bible's alternative is resurrection)
